ORGANIC ESSENTIAL OILS

PRODUCT LIST

explore your senses 

Organic essential oils are concentrated liquids extracted from plants that capture their aroma and flavor, or "essence."

These oils are produced using methods that do not involve chemicals or synthetic additives, ensuring they retain the natural properties of the plants from which they were derived.

ATC Chemical is a flexible and modern chemical products trading company that in a short time we have managed to position ourselves widely in the international and local markets.

ABOUT US

A&TC Chemicals, with only 9 years of existence, we have developed strong strategic alliances with various manufacturers that allow us to provide greater commercial capacity in favor of the client.

Our company is young, but it is also made up of excellent professionals in the area with more than 25 years of extensive experience, with a great commitment to responsibility, constant work, focused as the highest level, and always based on providing the best service with the best quality products for our clients.

We provide technical assistance to our clients, regardless of their commercial size or commercial assistance, and we even offer formulations that allow them to develop new products in their natural markets.

As a trading company & exporter of:

*Flavors,
Fragrances,
Essential Oils,
Aroma Chemicals,
Raw Materials & Chemicals,*

Our products are widely used in the majority of industries, such as:

*Agrochemicals,
Beverages & Foods,
Cosmetics,
Household Products,
Personal Care & Laundry,
BioCeutical + Pharmacy,
Pulp & Paper, and
Textiles.*

A&TC Chemicals, work with the topmost color manufacturers in the world, their products are manufactured according to international standards, and their quality is verified by implementing extensive quality checks at every stage of production.

As a result, each product is manufactured in accordance with the most requirement of each market, using not only ISO9000 in every stage of the production process to ensure that quality always is present too.

MISSION

Providing the greatest possible support to our clients, allowing them easy access to raw materials and chemical products of proven excellent quality.

Maintain and preserve the environment in its most natural state, ensuring the future of our future generations.

Strengthen our purchasing program to provide greater flexibility to the customer, help them in their requirements with the responsibility of providing ways to optimize their inventories, creating a more useful and healthy economy.

The strength of our distribution and marketing network provides channel openings to reach all levels of the global market.

VISION

Consolidate ourselves in our area as the most reliable and flexible supplier of our Clients, providing distribution channels to manufacturers.

Use technology to contribute to efficiency and excellence in our successful relationships with our suppliers, customers, employees, creating among all a mutual loyalty for satisfaction and common effort.

WE OFFER

A&TC Chemicals, in addition to quality colors, also provides an extensive range of raw materials and chemical products for different applications and areas.

Colors & Dyes

Flavors

Essential Chemicals

Fragrances

Iron Oxides

Oleochemicals

Pharmacy (Raw Material)

Silicones

Solvents

Surfactants

A&TC Chemicals, provides diverse products, and behind each aroma fragrance, or flavor, there is an effort achieved over many years, where the specialists have spent a lot of their time, developing the best technologies that allow each aroma, fragrance, or flavor, to have been developed with great quality.

Additionally, our suppliers have undergone various and rigorous quality controls, to guarantee their products before international authorities, the EU-organic production regulation is a part of the European Union regulation that sets rules about the production of organic agricultural and livestock products and how to label them.

Agencies such as EFSA (European Food Safety Authority), in addition to all other certifications that are required by the Government from Germany and all complying with process parameters established and endorsed by TQCSI (ISO 22000).

For all this, our clients enjoy the benefit not only of the excellent quality of these products but also of all the support offered by each manufacturer of color, dyes, and pigments.
